904 So. 6th St.
Milwaukee, Wis.

Gentlemen:

On behalf of our Board of Directors we wish to thank you most sincerely for your cooperation in exhibiting in the second annual Wisconsin Hobby Exposition.

As you know, the Exposition was highly successful, both from the standpoint of the number of individuals and organized groups participating, as well as in the public attendance.

Possibly the highest compliment paid the Exposition and all those participating in it, was the statement of Dave Elman of "Hobby Lobby", who after going through the Auditorium halls and viewing all of the exhibits, called it the finest, largest and most diversified Hobby Exposition he had ever seen and expressed the hope that one could be staged in Grand Central Palace, New York City comparable with the one held here in Milwaukee.

Our Board of Directors is fully cognizant of the fact it was the splendid and wholehearted cooperation of both the individuals and the organized groups participating that made the Exposition a success.

Don't forget! The third annual Wisconsin Hobby Exposition will be held in November 1940. We know of a considerable number of this year's participants who have already made plans for bigger and better exhibits.

Again our sincere thanks for your participation.

Yours truly,

Norbert Beerend
